Components to Consider

- ❑ Leadership
- ❑ Evidence-based core curriculum, instruction, & interventions/extensions
- ❑ Assessment and progress monitoring system
- ❑ Data-based decision making
- ❑ Cultural responsiveness
- ❑ Family, community & school partnerships

Integrated System for Academic and Behavioral Supports

Tier 3:

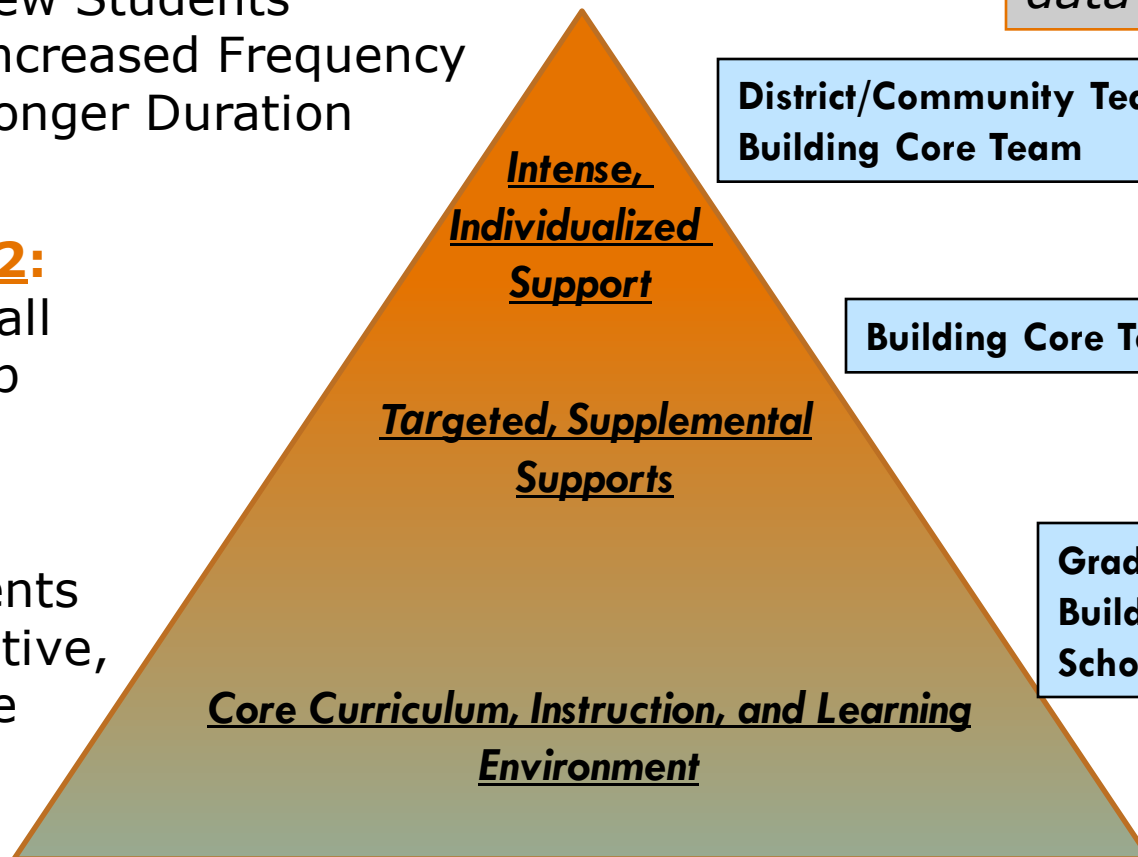

- Few Students
- Increased Frequency
- Longer Duration

Tier 2:

- Small Group

Tier 1:

- All Students
- Preventative, Proactive

Preview: Connecting My Presentation to Indiana's Vision of RTI

- ❑ Evidence-based core curriculum, instruction, & interventions/extensions
 - Examples of language arts and behavior interventions linked to core curriculum
- ❑ Assessment and progress monitoring system
 - Types of data to collect including progress monitoring data and fidelity of implementation data
- ❑ Data-based decision making
 - Intervention effectiveness determined by data collected

Goals for this session

- Consider interventions targeted for groups of students who are not progressing at grade level
- Recognize and practice effective group interventions that connect to the core program for behavior
- Recognize and practice effective group interventions that connect to the core program for language arts

Create an Intervention that Aligns with the Core Curriculum

OVERVIEW OF INTERVENTIONS

Overview of the Principles of Effective Intervention

Intervention should be a framework for:

- finding out what kids need to learn;
- planning instruction to meet those needs; and
- providing instruction consistently, explicitly, and repeatedly until those needs are met.

Cooper, Chard & Kiger, 2006

The Principles of Effective Intervention

- Struggling students may **need more explanation, more modeling, more practice, and more focused application** than non-struggling students.
- Intervention must **reflect current, research-based instruction** that specifically targets student needs.

Does the Intervention...

- Specifically address individual student needs based on analysis of subskill data?
- Include instruction AND practice?
- Reflect current research on effective instruction?
- Demonstrate one clear focus on the next teaching point?
- Align with current core instruction?

Does the Intervention...

- Demonstrate revision of the intervention based on the analysis of on-going progress monitoring data?
- Reflect delivery that considers the intensity needed to close the gap with grade level benchmarks?
 - Size of instructional group
 - Frequency (# of days per week)
 - Duration(# of minutes per day)
 - Expertise of person providing the intervention

Alterable Variables to Intensify Instruction

Alterable Components	Level of Specific Enhancements				
Options	1	2	3	4	5
Program Emphasis	Use core program & explicitly teach priority skills.	Use extensions of the core program (e.g., add examples)	Supplement core with reteaching or intervention components of core.	Replace current core program with intervention program.	Implement specially designed program
Time (Opportunities to Learn)	Schedule & deliver 90 minutes of daily reading instruction (minimum 30 minutes small group).	Increase opportunities to respond during core instruction.	Schedule core + supplemental period daily. (90 + 30 or 60 + 30)	Schedule two intervention sessions daily (no less than 90 minutes total)	
Grouping for Instruction	Check group placement & provide combination of whole & small group instruction.	Schedule small group opportunity for specific practice	Reduce group size	Provide individual instruction	

Increasing Intensity

Major Features of most Targeted Interventions

- ❑ Everyone on staff knows about it
 - Easy access and quick implementation
 - Substitute teachers and volunteers included
- ❑ Always available
 - no individual changes necessary
- ❑ Home school connection
 - Regular reporting of progress
- ❑ Skills are taught and used
 - Shape into self management skills

Targeted Interventions

Specialized Group Systems for Students with At-Risk Behavior

- ▣ Students who need additional support outside of school wide interventions
- ▣ Groups could include:
 - Anger management
 - Coping with death, divorce, etc.
 - Social skills
 - Anti Bullying

Office Discipline Referral Data for Blumberg School 4th & 5th graders 2007-2008

Targeted Intervention

■ Boyz to Men Group

- Eligibility: office referrals, classroom behavior problems, not turning in homework
- Mostly boys from single parent or divorced parent families
- Assistant principal runs group (positive male role model with similar background as boys)
- Group goals based on DATA: lower office referrals, lower classroom behavior problems, increase turning in homework

Boys to Men

Lesson Plan: Small group, 1x a week, 45 minutes

- 5 minutes: review data and goals
- 25 minutes: work through behavior lesson plan*
- 15 minutes: community male/invited male speaks to boys about their experiences and choices to be a better man

*

- 1) Adapted Behavior Lesson Plans
- 2) Plan community fundraisers (car wash)
- 3) Plan community projects (mural painting in building)
- 4) Plan community field trips (professional sporting events)

Behavior lesson plans are shared with teachers to reinforce in classroom. Community updates shared as well.

Blumberg Elementary ODRs 07-08

Targeted Group

❑ Anger Management Group

- Angry children in need of coping skills
- Teacher's chart outbursts in class
- Teacher report on classroom behavior for each day
- Students bring classroom data forms to group
- Data forms go home for parents to sign

Anger Management Group

Lesson Plan: Small group, 45 minutes 1x on Monday

- 1) 5 minutes: Review data and goal from the week
- 2) 30 minutes: Strong Start Lessons*
- 3) 10 minutes: Students practice coping skills and journal better choices they can make

*Low ropes field trip to build trust in group and anger coping skills on a full day

Lesson Plan: Large group, 30 minutes 1x a week in classroom

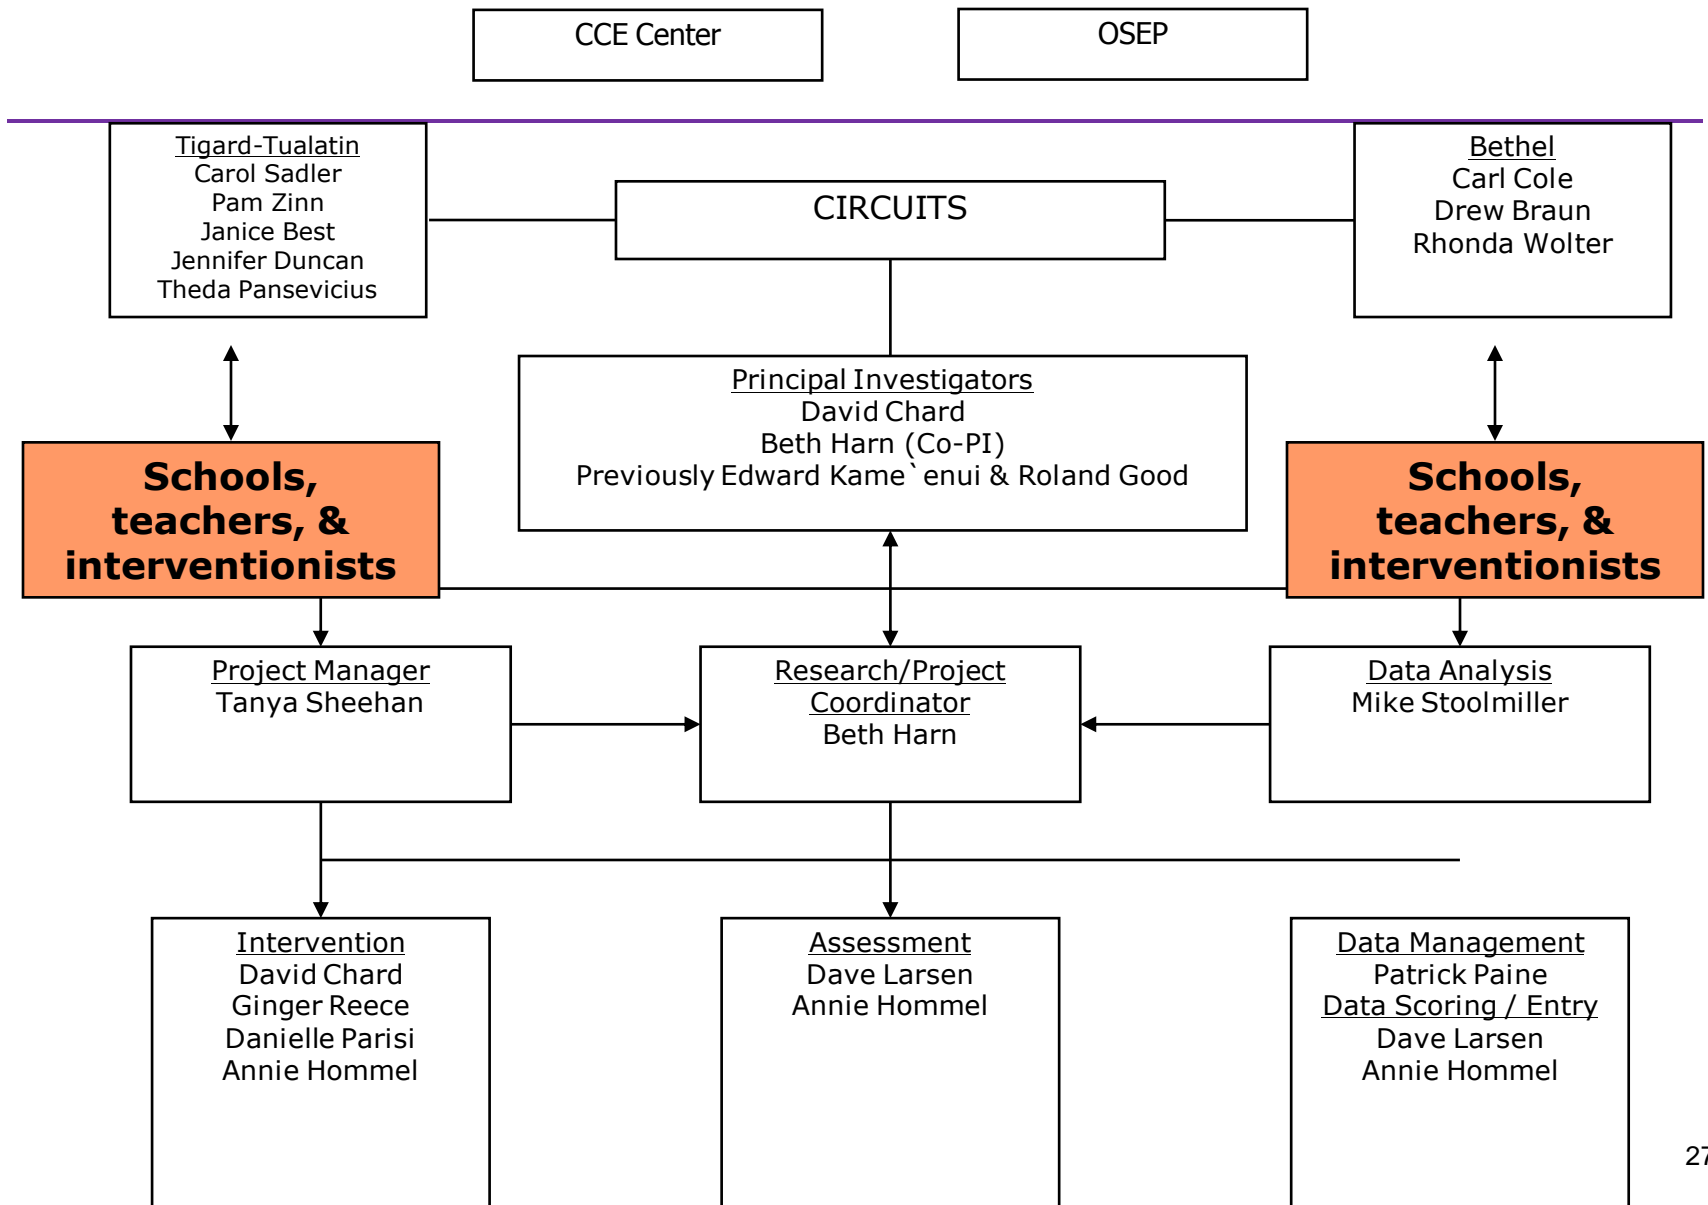

- 1) Teacher uses Strong Start Lesson in child's classroom
- 2) Child is assistant to teacher

- Choose Rewards: Role model on announcements, "teacher" for younger students, share journal with favorite school personnel

 - Power Reading (3 days a week)

Summary of Power Reading

- Using the Power Reading “check sheet.”
- Selecting and sharing stories.
- Use of equipment (tape player, timers, etc.).
- Reading **out loud** with the tape.
- Continuing to practice reading if the teacher is unable to time for a “hot read.”
- Making sure to read for **understanding** and not speed-reading.
- Graphing progress and understanding reward system for successful goal attainment.
- Power Reading will happen 3-days a week for 30-minutes each time (see Typical Sequence of Activities)
 - All students will be using the Level 2.5 materials

Days 1-4: Word Analysis Activities

Multisyllabic Words

Multisyllabic Word Practice:

🕒 1 minute

Let's practice reading some longer words. Follow my finger and practice saying the parts of the word in your head. Get ready... (move finger across loops underneath the word). ***Now read this word out loud the fast way. Get ready...*** (move finger straight underneath the word).

Shorten the directions to ***Practice the parts, get ready...*** and ***Say it fast, get ready...*** for the remaining words.

✖ Correction Procedure: ***Let's do this one together. The first part is _____, next part _____, so the word is _____. What word? Yes, _____*** (repeat word).

Reading Words the Fast Way:

🕒 1 minute

After completing each word individually, have students read the list the fast way (whole word).

Okay, we are going to read the list one more time. Read each word out loud the fast way. Don't let me trick you. (Point to the first word) ***Say it fast, get ready...*** (move finger straight, underneath the word).

✖ Correction Procedure: ***This word is _____, what word? Yes, _____*** (repeat word). Go back to the first word of the list and repeat.

Days 1-4 Word Analysis Activities: Sight Words

▣ 5x5 Sight Word Practice

Practice and Timing:

⌚ 2 minutes

Now you are going to practice some words in the first row of this table. Point to each word in the first row and say, ***What word?***

After the first row of words have been practiced say, ***Now you will say the words on this page as quickly as you can. We'll see how far you can go in 1-minute. Ready, begin!*** Point to each word one at a time. Give about 1 second of “think time” between words. Say, ***What word?*** as needed.

Stop saying, ***What word?*** when students understand the task, but pace them with the pointing. Students must stay together.

Correction Procedure: If students make an error, stop, model the word, have them read it again and go back to the beginning of the row.

Day 1 ILS Activities

Introduction and Teacher Complete Read

Introduce Story Context:

🕒 1 minute

The title of the story we will read today is Two Days in May. We are going to read about a family of deer who get trapped in the city. Luckily, some very nice people work very hard to help them. Have you seen deer in the city before?

Teacher Reads Entire Story Without Discussion

🕒 6 minutes

Now I will read the story Two Days in May to you while you follow along. I'll know you are listening because you will be pointing to the words as I read. Don't let n catch you not listening. We'll talk about the story at the end.

Read the story at a good pace having students follow along. Praise students for following along if others don't appear to be doing the same.

Day 1 ILS Activities: Maximizing Instructional Time

□ Introduction

- Trying to activate background knowledge
 - Give a few children a chance to discuss

□ Teacher Complete Read

- Providing complete context of story through use of oral reading
 - Minimizing reading difficulties to maximize
 - Vocabulary development
 - Comprehension
 - Fluency
 - Do not answer questions during the Teacher Complete Read
 - Upon completion the group will verbally summarize and discuss story
 - To increase student reading-along
 - Play “Stick-um Game” –catch them being good initially
 - Praise students who are following along

Day 1 ILS Activities: Verbal Summary

Group Verbal Summary

 **2**
minutes

Let's spend a little time thinking about the story I just read aloud to you and try to answer some questions. Read each question to the group, wait for a second and call on an individual student. Make sure each student gets a chance to answer.

- 1. Who can tell me who the characters or important people were in the story?***
- 2. When and where does the story take place?***
- 3. What happened at the beginning of the story?***
- 4. What happened next?***
- 5. What did you find interesting?***

❑ Maximizing Instructional Time

- Have each child answer at least one question
- Call on children in a random order
- Elaborate on incomplete or unclear answers
- If time permits allow multiple answers

Day 1 ILS Activities: Vocabulary Preview

Vocabulary Preview

🕒 1 minute

Here are some words from the first half of Two Days in May. (Touch the first word) This word is _____. (Have students repeat it) Say it with me _____. (Use the same procedure with remaining words).

Next time we will read the first half of Two Days in May together and talk more about these words and their meanings.

does
bucks
territory
relocates

- ❑ Maximizing Instructional Time
 - Simply read each word to the student and have them repeat
 - ❑ Explicit instruction happens the next day
 - ❑ Keep pacing brisk

Day 2 & 4 ILS Activities

- ▣ New Activities Completed on Days 2 & 4
 - Explicit Vocabulary
 - Teacher-Led Reading
 - Completing & Using Summary Sheets

Day 2 & 4 ILS Activities

Introduce Word Meanings:

🕒 5 minutes

Here are some words you heard yesterday and will read again today in the first half of Two Days in May.

☞ Touch the word, say it, have students repeat. Use the same procedure with remaining words.

✓ Call on individual children randomly to read the words independently.

*Let's spend a few minutes talking about the meaning of these words and answering some questions. For some of the words, I will tell you another word that means about the same as the one we have just learned. Words that mean the same thing are called **synonyms**.*

☞ Touch and read the sentence with the students:

1. Those are probably females, or does.

Does are female deer. Does are girl deer. Have you ever seen a doe with a baby deer?

Another word or synonym for does is female deer.

What is a synonym for does? Yes, female deer.

Day 2 & 4 ILS Activities: Explicit Vocabulary

does bucks territory relocates

1. Those are probably females, or does.
2. The males are called bucks.
3. They're looking for territory of their own.
4. "I remember reading a few months back about an organization that rescues and relocates animals that are stranded or injured."

❖ Maximizing Instructional Time

- Keep pacing brisk
 - Students have heard the story, read the words, and will review the words in the future
- Synonyms may be challenging or awkward
- Get all children participating in the discussions

Day 2 & 4 ILS Activities: Teacher-Led Reading

Teacher-Led Reading (Long Form Directions):

🕒 30
minutes

- ▣ See teacher materials
- ▣ Maximizing Instructional Time
 - See Marked Anthology & Story Table
 - Turn-taking

- ▣ My Turn – Teacher reading
 - Students following with finger

- ▣ Our Turn – Group Choral reading
 - Fade and increase support as students warrant

- ▣ Your Turn – Student Silent reading
 - Thumbs-up when finish reading
 - Will ask a question specific to that section

Day 2 & 4 ILS Activities: Teacher-Led Reading

□ Maximizing Instructional Time

- See Marked Anthology & Story Table
 - Follow turn taking to maximize student success
 - Support as needed (pre-correction, assisted reading) to increase success
- Prompt Students to get out Summary Sheets
 - See completed Summary Sheet in Teacher Materials
 - Students write the page number down where important information is found
- Thumbs-up for vocabulary words, synonym usage
 - Students re-read the sentence using the synonym
- Identifying the important parts of the story
 - Story Grammar & Silent Reading Questions, synonyms, vocabulary are noted in the anthology and “Story Table”

Day 2 & 4 ILS Activities: Completing Summary Sheet

Verbal and Written Summary:

⌚ 5 minutes

Now we will go back and write out answers to the important parts of the story. Use your "Summary Sheet" and the page numbers you wrote down to write in brief answers to the questions.

(Note: Students are not expected to write complete answers. Do not stress spelling, grammar and punctuation.)

Ask the following questions to the group, and call on each student to answer one of the questions. If time permits, allow multiple answers and discussion.

Who can tell me who the characters or important people were in the story?

When and where does the story take place?

What happened at the beginning of the story?

What happened next?

What did you find interesting?

We will use this sheet next time to help us write more about Two Days in May.

Summary Sheet

- During Teacher-Led Reading students simply write in page number where the question can be answered
- During the summary time, students write in brief, bulleted answers to questions
 - Do not stress spelling, complete sentences or punctuation

Summarizing "Two Days in May"

Part 1	Part 2

<p>Pg. # _____</p> <p>What happened next?</p>	<p>Pg. # _____</p> <p>How does the story <u>end</u>?</p>

Day 3 & 5 ILS Activities: Vocabulary Review

Guess What Word

 5
minutes

Today we're going to play a game called "Guess What Word." I'll give you some clues about a word and you have to guess which word it is that I'm talking about. Let's try one. I'm thinking of a word that is a place where birds lay their eggs. This place is usually made of sticks, grass, and mud. What word am I thinking of? (Pause for answers). Yes, the answer is nest.

Any questions? Okay, let's try some more.

- 1. I'm thinking of a word that rhymes with snow and it is a name of a female animal. Guess What Word? (Pause for answers). Yes, the answer is doe.***
- 2. I'm thinking of a word that rhymes with ducks. This word is the name of the animals that have big antlers on their heads. Guess What Word? (Pause for answers). Yes, the answer is buck.***

❑ Maximizing Instructional Time

- Give "think time" for all to practice
- Use a signal to decrease shout-outs
- If they don't know one, skip it, go on with the others and go back to it after finishing. If necessary, you can provide choices (don't do it unless students are truly stuck).

Day 3 & 5 ILS Activities: Vocabulary Review

Word Relationships

🕒 5 minutes

Today we're going to play a word game called "Word Relationships." In this game you have to decide how two words are related and why. Like brothers and sisters or cousins, two words are related when they have some connection.

Let's try one. Could a farmer be a businessperson? Why or why not? (Answers will vary).

Great, let's try some more. (Answers will vary. Have students tell why after each answer).

1. *Which of the following might be an organization? Why or why not?*

- A chess club
- A parent-teacher association (PTA)
- A group of people waiting for trains at the train station.

2. *If Joy's father changes his job and moves his office from the first floor to the fifth floor of the same building, does Joy need to relocate? Why or why not?*

3. *Marvin and his parents live in New York City. If Marvin's parents both find a new job in Portland, Oregon, does Marvin's family need to relocate? Why or why not?*

❑ Maximizing Instructional Time

- Give "think time" for all to practice
- Use a signal to decrease shout-outs
- If they don't know one, skip it, go on with the others and go back to it after finishing. If necessary, you can provide choices (don't do it unless students are truly stuck).

Day 5 ILS Activity: Written Summary

Using student “Summary Sheet” to write in “Main Points”

⌚ 10
minutes

Now we will write the “Main Points” or a summary of the story using the notes we took on our “Summary Sheet.” (Prompt students to take out their “Summary Sheet” and look it over) ***Open your student folder and find the “Main Points” page for Two Days in May*** (have students turn to this sheet in their folder). ***We will complete the sentences on the “Main Points” page with important information from the story. Look at the first sentence, it says “Two Days in May was about _____. ” Write in the people or characters noted on your “Summary Sheet”*** (monitor students and support as necessary).

Lead the students in reading and completing the sentences, assisting with spelling and grammar as needed. Do not overly stress writing perfect sentences or handwriting. Monitor student work as needed.

After you finish writing a summary using the “Main Points” page for Two Days in May, use the “Summary Self Checklist.” (Prompt students to look at this list) ***to make sure your summary has the important parts of the story. When you think your summary of the “Main Points” is finished, have a partner check your work.*** (Monitor students while they work, prompting them to use the check₄₉ sheet to mark off each important part).

Written Summary

- Use completed summary sheet to help complete the sentences
- Do not overly stress handwriting, spelling, or grammar
- Monitor and support as necessary
- Prompt to use "Checklist" when done

Main Points of "Two Days in May"

"Two Days in May" was about _____

(name the people in the story)

This story took place _____

(where and when did the story happen)

The story began when _____

(what happened at the beginning of the story)

Then, _____

Next, _____

After that, _____

The story ended when _____

(what happened at the end of the story)

What I liked best about this story was _____

One thing I learned from this story was _____

Day 5 ILS Activity: Written Summary

□ Maximizing Instructional Time

- Students will use the completed Part 1 & 2 Summary Sheet to complete the scaffolded written summary
 - Don't stress handwriting, spelling, grammar, punctuation
 - Scaffold changes for story 3-2 and 3-6
- Use the Checklist
 - If time permits have them check a partner's work as well

Problem Solving: Not a 5-Day Week?

- To keep pace with the stories being used in the general education classroom, we will be completing each story for a specified week:
 - For example, if there is no school on Friday you will still complete the story for that week (see 4-day sequence on next pages) and begin the next story on Monday
